Submitting this application does not guarantee a pet placement. Lifeline of Galveston County reviews every application and decides eligibility and matches based on each person's needs, home, and the animals in our care. Pets in the Aging Angels program are placed as long-term fosters and remain the property of Lifeline. Before a placement, you will be asked to sign the Aging Angels Long-Term Foster Agreement. Lifeline covers the costs described in that agreement, including food, supplies, approved veterinary care, and pet deposits or fees, as long as program funding allows. Placements also depend on approval from your property manager. By submitting this form, you agree that Lifeline and Urban Strategies, Inc. may contact you and share the information in your application with each other and with your property manager to plan and support your placement.

☐ **I agree** that Lifeline of Galveston County and Urban Strategies can contact me and share my application with each other to plan my matches. *
